MAKER OF TREATIES SUMMONED BY DEATH

Col. H. P. Lillibridge the First Man to Negotiate Treaties of Immigration Between Japan and the Hawaiian Islands.

COL. HARLAN P. LILLIBRIDGE.

Died at the Home of His Brother, in Detroit Yesterday.

Col. Harlan P. Lillibridge, diplomatist, railroad builder, mining man and capitalist, died at the home of his brother, Frank Lillibridge, in Detroit, Mich., yesterday morning.

The news of the death came in a telegram to Colef of Police W. S. Reynolds, who was a close personal friend and a former business associate of Col. Lillibridge. The death will be a severe blow to many in this city and state, some time a lingering illness due to [illegible]

Col. Lillibridge was 72 years old and unmarried. The relatives were notified and Lee Lillibridge, a nephew who was raised from the boyhood days, Frank Lillibridge, a prominent businessman of Detroit, at whose home Col. Lillibridge died; Mrs. Brennan, of Detroit; Mrs. Angel of Detroit, Ill.; Mrs. Carruthers of New York and Mrs. Applegate of Detroit, all sisters.

Native of New York.

Harlan P. Lillibridge was born in the state of New York. He graduated from [illegible] academy, Utica, N. Y., about 1854.

From 1856 to about 1861 Mr. Lillibridge was engaged in a banking house in Wall street as teller and cashier. His early inclinations, however, were towards countries, railroads and their possibilities were for many years highly gratified in the ocean steamship line, and also as a tourist or "globe trotter," as Mr. Lillibridge himself expressed it, he visited nearly all countries of the world.

His Life in the Orient.

During twelve years, from 1868 to 1880, Mr. Lillibridge was in the oriental countries a great part of the time as a resident of Japan, being associated with the Pacific mail and other steamship lines. During [illegible] the office of [illegible] general and judge of the consular court.

Mr. Lillibridge was the first to negotiate and negotiate treaties of emigration between Japan and the Hawaiian Islands, under which over 30,000 Japanese being interested in several Lake Superior iron mines and owned and part owned several lake steamers.

Came Here in 1882.

Early in 1882 Mr. Lillibridge took up his residence in Colorado Springs and being one of the early fortunate settlers in the Middle Gibson mine became director, secretary and treasurer of that company and of several other Aspen companies. Mr. Lillibridge was also interested in the Cripple Creek district and particularly so in the Independence and Portland mines at Victor and was the first to be willing to [illegible] railroad into that district.

Organized Midland Terminal.

He also had to be organized the Midland Terminal railroad, the first section of which road was open to traffic during the month of December, 1887. He was also interested in several of the iron mines in Cripple Creek and Leadville.

His Late Operations.

Col. Lillibridge was associated with General Palmer, Henry Russell Wray and Jack Crawford in Mexico mining of late years. In his early days in Colorado he was associated with J. J. Hagerman and others in the Mollie Gibson and other Aspen mines. Later he became interested in Cripple Creek and interests largely in property there. He was at the time of his death largely interested in Red Umbrella, which has recently attracted considerable attention, the Mayflower and other well known mining companies.

He owned considerable property in this city at different times and at the time of his death owned the property at the northeast corner of Cascade and Platte avenues and 25 feet on the west side of Cascade, opposite this corner.

Prompted Invasions.

About five years ago Col. Lillibridge went to New York, where he opened offices and broker. F. F. Smith, one of the ex-Wall street and did a business of his brokerage associates of this state, was with him in New York and at the [illegible]

The funeral of Col. Lillibridge will take place in Detroit Friday afternoon, the remains will be cremated.

ANOTHER BIG NAVAL BATTLE IS REPORTED

British News Agency Publishes Dispatch From Tokio Saying That Russian Squadron Made a Sortie From Port Arthur.

LONDON, OCT. 6.—A NEWS AGENCY HERE LATE TONIGHT SENT OUT A DISPATCH DATED TOKIO OCTOBER 5 SAYING:

"IT IS REPORTED THAT THE RUSSIAN SQUADRON MADE A SORTIE FROM PORT ARTHUR TODAY AND THAT A GREAT NAVAL BATTLE OCCURRED.

NO DETAILS ARE GIVEN.

St. Petersburg, Oct. 6.—2:30 a. m.—A great deal of uncertainty exists concerning [illegible] on which the tongues of everybody have been busy in St. Petersburg ever since the formal announcement of the formation of a second Manchurian army.

The delay in the announcement of a commander in chief of the Manchurian armies, which has been daily expected is now said to be due to Emperor Nicholas' intention to wait until Viceroy Alexieff has been relieved of his Peking [illegible] before appointing the commander.

The viceroy's return is a very short time is everywhere taken for granted and receives credence in the highest circles, but concerning the exact [illegible] he will occupy there is great divergence of opinion.

In the best informed quarters the belief is expressed that Alexieff's return does not mean the abasement but that on the contrary the emperor will take [illegible] of Lieutenant-General [illegible] unmistakable marks of his royal favor. His friends assert that he will become the emperor's adviser not only on far eastern affairs but on all questions of foreign policy. Count Lamsdorff's administration of Russian foreign affairs was the subject of criticism by a certain party, called the war party, before war and his recent successful efforts to secure concessions in the matter of the recognition of the right of neutral commerce were obtained against some [illegible] hostile and powerful influences. Consequently Count Lamsdorff's enemies freely predict that Alexieff will control the foreign policy actually if not nominally. Count Lamsdorff's friends, however, treat these reports as inventions of his ill wishers. Nevertheless the return to St. Petersburg of M. Pavloff, who was secretary of the [illegible] great eastern combination before the war, simultaneously with Alexieff's return may be [illegible] with great significance and may foreshadow the complete return to imperial favor of the influences in control before the war. As a matter of fact, however, those [illegible] are at sea as to what is actually impending and in the absence of real authoritative information much of this talk may be merely irresponsible gossip.

STOESSEL SAYS JAPANESE LOST 10,000 AT PORT ARTHUR

[illegible] Gen. Stoessel's official report of the desperate four days' assault of the besiegers upon Port Arthur from September 19 to September 22, from which it appears that the unofficial report from Che-foo was by no means exaggerated. The Japanese displayed [illegible] bravery, but they lost ten thousand men and their only success was the capture of two redoubts guarding the waterworks.

They prepared for the assault by a general bombardment and then launched their attack simultaneously from the north and west. Night and day they fought under cover of a continual bombardment from their siege guns and finally reached the redoubts on the north side but could retain the positions. They were completely demolished by shells from the west. The Japanese efforts were directed chiefly against the commanding position on the next high mountain which faces Pigeon bay slightly south of Fort Erh. The mountain is 600 feet high and if it had fallen its possession would have given the Japanese a tremendous lever against the chain of minor defenses.

The [illegible] there were terrible and [illegible] September 20 when the Japanese succeeded in penetrating and occupying [illegible] Russian [illegible] trenches, whereupon they expected almost [illegible] the next day to storm the summit. During the night Lieutenant Foggerty of the navy, at the head of a detachment of volunteers, [illegible] over the trenches and blew them up with [illegible] bombs, [illegible] a panic among the besiegers, who fled, leaving the [illegible] side strewn with dead. The Japanese then [illegible] further attempts, but after a day or two to recuperate [illegible] Gen. Stoessel's second dispatch, dated September 30.

LINDSEY HOPES FOR BOTH NOMINATIONS

DENVER JUDGE HOPES THAT COUNTY COURT MAY BE ESTABLISHED ON A NON-PARTISAN BASIS.

Denver, Oct. 6.—Judge Lindsey today denied the report that he had left the Democratic party and would decline a nomination from that party. He said he hoped to receive the nominations of both the Republicans and the Democrats to the end that the county court may be established on a non-partisan basis.

Chairman William T. Dickson of the Democratic county committee announced positively today that the Democratic county ticket this fall will [illegible] Judge Lindsey and Judge [illegible] nominations on [illegible] Judge Lindsey's name [illegible] the [illegible] of the supreme court decision, the election of the two county judges and Judge Lindsey would hold office only for the term to which he was elected two years ago and which expires the first of the year. In that case the board of county commissioners would appoint a judge.

DECISION IN FAVOR LAFOLLETTE TICKET

Wisconsin Controversy Decided By Supreme Court, the Chief Justice Dissenting.

Madison, Wis., Oct. 5.—The supreme court today decided the LaFollette ticket regular. Three judges, Marshall, Dodge and Winslow were for the LaFollette faction, while Chief Justice Cassoday dissented. The opinion will be filed later by Justice Marshall. The decision says in part:

"The legislature intended to provide for settlement out of court of all questions [illegible] of a party convening [illegible] in place the party name upon the official ballot, by section 35, Wisconsin statutes, in these words:

"(1) In case of a division in any political party and a claim by two or more factions thereof to the same party name, the officers with whom the certificates of nomination are required to be filed shall in certifying such nomination or preparing ballots, give preference of name to the convention or caucus thereof held pursuant to the call of the regularly constituted county authorities, and if the [illegible] the other faction present no other party name, such officers may designate the name in such manner as will best distinguish the nominations thereof.

"(2) When two or more conventions or caucuses shall be held and the nominations thereof certified, each claiming to be the regular convention or caucus of the same political party, preference in designation shall be given to the nominations of the one certified by the committee which had been officially recognized to be authorized to represent the party.

"The first clause provides for a case where only one of such conventions or caucuses is claimed to have been held upon the call of the regular party committee and the identity of the one in question, not in dispute. The second clause provides for a case where all the conventions are claimed to have been held pursuant to the call of such and the same committee by treating a tribunal to decide for guidance of the secretary of state which set of claimants is regular and therefore entitled to use of the party name, such a tribunal proceeding by familiar rules exclusive and final jurisdiction save as hereinafter stated.

"The first clause of section 35 [illegible] of 1896, cannot apply to this case because the dominant feature thereof is the existence of a multifarious claim to the same party name, one of such claims only being based on the call of the regularly constituted party authorities, the dominant feature of the second clause is the existence of a multifarious claim to the same party name based on a like claim of the regularity of the party convention each of the claimants referring necessarily to the call of the regularly constituted party authorities as in the case at bar.

"The present controversy comes clearly within the second clause of said section 35, answering as it does every call held. (B). Each of said conventions and determination. (C). Such nominations were duly certified. (D). Each of said conventions claiming to be the regular convention of the Republican party.

"It was competent for the legislature in authorizing an official ballot, and in granting to the party nominees a right to have their names placed thereon under the party designation, to safeguard that right in case of controversy between two or more sets of nominees, each claiming the name and such designation to the decision of the party tribunal as in said section 35.

"The creation of a tribunal to determine such controversies, no provisions being made for judicial review of its decisions, necessarily makes its jurisdiction exclusive and its decisions unimpeachable, except for jurisdictional defects.

"The tribunal answering to the call of said section 35 is found to exist in the Republican state central committee, elected at the state convention of 1902 and duly certified to the secretary of state under section 31 of the statutes, therefor, jurisdiction of this court is limited to deciding whether such committee was or was without jurisdiction because of bias or interest of some of its members or whether its decision is affected by jurisdictional defects.

"Such tribunal, though required to act judicially, being an administrative rather than a judicial body, bias or interest of its members does not disqualify them nor affect its jurisdiction.

"The decision of the national Republican convention as to which of the two sets of delegates from this state claiming the right to represent the Republican party thereat in such convention, was entitled to recognition is not of any significance as a guide to the secretary of state or to the committee authorized to determine the factional dispute under said section 35, nor exclusive jurisdiction thereof as regards the effect such law was conferred by the legislature upon the latter as a special tribunal, as before indicated.

"As soon as the nominations were made by the conventions and each claimed rights of members to place upon official ballot under designation 'Republican ticket,' became vested in them as representatives of their respective organizations, subject to the decision of the special tribunal aforesaid, as to which of the conventions was regular and such right could, therefore, not be in any way affected by the determination of any other tribunal.

"Section 35 of the statutes contemplated in the case mentioned therein of conflicting claims as to the use of the official ballot of a particular party designation that the said claimant shall be given preference thereto and each of the others have a place upon the ballot under a designation sufficiently different from that accorded to the rightful claimant of the particular designation to enable the electors to distinguish such set of irregular from the regular nominations.

"The tribunal created by law to determine the factional disputes in question for the guidance of the secretary of state having assumed jurisdiction thereof and decided free from jurisdictional infirmities that the nominations headed by Robert M. LaFollette for governor are entitled to preference in respect to the use upon the ballot of the name Republican ticket, it is the duty of the secretary of state to act accordingly, certifying both sets of nominations to the various county clerks, but giving to those headed by Robert M. LaFollette for governor preference as aforesaid.

"The foregoing conclusion follows logically and necessarily from the legal aspects of the case before stated that the real right of the matter in dispute might be found to be, were this court permitted to disregard the decision of the special tribunal and investigate and determine the merits of the controversy from that standpoint, it has no right to decide or suggest. Duly constituted authority having spoken within its jurisdiction, it must be conclusively presumed here to have spoken rightly."

By the court—Both the motion of plaintiff and that of the defendant are denied and the cause is dismissed for want of sufficient facts appearing to constitute a cause of action."

SAYS STORY IS BIG HOAX

Visitor from Japan Says Army Needs Bullets and Not Mineral Water---Agents May Be Commercial Buyers.

"Nonsense!"

This was the emphatic explanation of Dr. T. C. Thorniecroft of Kobe, Japan, a guest at the Antlers hotel who was highly amused when he read the story in an evening paper last night that agents of the Japanese army were in this state to purchase mineral waters for the use of the Japanese army and navy in the present war.

Dr. Thorniecroft is one of the prominent doctors in the island of Japan and is in close touch with the conditions that exist in that kingdom and its army.

"The army would not [illegible] mineral water," he said. "What they need is bullets and not mineral water. The report that two Japanese agents have been in Glenwood Springs for the last few days, contracting for Yampah water for the use of the mikado's soldiers and sailors, and that 50,000,000 gallons had already been secured, that the agents have left for [illegible] to close a deal at that point for the Manitou Mineral Water company for 2,000,000 gallons of iron and soda water."

An official of the Manitou Mineral Water company last night said that there was nothing definite in regard to [illegible] and that the company was not [illegible] the Japanese buyers [illegible] and would not [illegible] the matter.

The report stated that two Japanese agents have been in Glenwood Springs for the last few days, contracting for Yampah water for the use of the mikado's soldiers and sailors, and that 50,000,000 gallons had already been secured; that the agents have left for [illegible] to close a deal at that point for the Manitou Mineral Water company for 2,000,000 gallons of iron and soda water.

ELOPEMENT CASE TAKES NEW TURN

[illegible]

THEY'RE UP IN THE AIR

Altitudinous Proposition Is Being Considered.

IT INVOLVES A BALLOON

CHAMBER OF COMMERCE AND RAILROAD MEN ARE FIGURING ON "HIGH" ART IN COLORADO SPRINGS.

Would you be surprised upon looking out of your window some bright morning to see a large balloon anchored above Colorado Springs?

It is probable you would be.

And if you should take a glass and see men climbing about the rigging from which was suspended a queer looking machine resembling a torpedo projector, would you think that something calamitous was about to happen? Perhaps. You might even think that a Japanese or Russian war balloon was about to dynamite the city or that some other exciting episode was taking place.

But don't be alarmed. If this balloon goes up in Colorado Springs its mission will be peaceful.

The chamber of commerce and a number of the railroads here are interested in the scheme whereby large pictures are taken by a camera suspended from a balloon. The plan has already been successfully tried in Chicago where the results obtained were very flattering. Pictures, two feet wide by three feet long, were received here yesterday showing conclusively that the scheme is a practical one. The pictures received are of Armour's tremendous plant, the city of Chicago and Zoo City.

As an advertisement for Colorado Springs a picture of this size and character would be of special advantage, it is figured, because it could be taken in any direction from the balloon. The cost would be about $50, and the transportation of two experts from Chicago and return.

As yet the chamber of commerce and the railroad officials have done nothing definite about the matter, but within the next week or so they will get together and decide whether or not to have the picture taken.

OVER-FONDNESS FOR HORSES

JOHN JOHNSON WYMAN IS TO HAVE MANIA FOR ATTACHING HIMSELF TO OTHER PEOPLE'S ANIMALS—CAUGHT AGAIN.

Special to the Gazette.

Cripple Creek, Oct. 5.—John Johnson was captured at 7 o'clock this morning by Sheriff Bell of this county, Sheriff Simmons of Fremont county and two guards from the penitentiary, almost within the city limits of Cripple Creek. Johnson has already served one term in the Canon City penitentiary for horse stealing, and is now out on parole for second sentence for the same offense and has still 15 months to serve.

It is charged that yesterday he stole a team in Canon City and started in the direction of this city. One of the horses was an exceptionally fine draft horse, while the worthlessness of the other species was what finally resulted in the undoing of the thief. The horses were attached to a heavy wagon used to haul gravel and the outfit belonged to L. L. Sterling, of Canon. It is believed to have been the intention of Johnson to drive the horses to Florissant and Lake George on the new Moffat road, where he could secure in the grading operations.

Mr. Harding was aware of the theft soon after Johnson left and informed the sheriff of Fremont county. Thinking that the theft was due to a paroled prisoner, Warden Cordery was informed and two of the penitentiary guards were sent out. They had little difficulty in following the man on account of the peculiar shoeing of the animals. The officers came all the way to this city last evening and informed Sheriff Bell of the matter. Early this morning Johnson was apprehended and the horses and wagon recovered just outside the city limits. The prisoner was taken back to Canon City at 9:30 o'clock, just a little more than 24 hours after he had stolen the team.

ROYALTIES FLOWING TO UNITED G. M. CO.

Steady Stream Sufficient to Maintain Regular Dividends for the Company—Other Leases Are Pending.

Special to the Gazette.

Cripple Creek, Oct. 5.—The physical condition of the United Gold Mines property was never better than at present, unless it was in the palmy days of the Wild Horse when everything encountered proved to be high grade ore. While the Wild Horse is a bonanza proposition the W. F. H. is certainly big and the royalties being paid into the company from that ore flow in a steady stream. An idea of what they are raking can be gained when it is known that the lessees on this property this last month broke inside a net profit of between $60,000 and $70,000. On the Wild Horse the lessee who are operating a cyanide mill are stated now that they have demonstrated that it is a perfect success in every way and will yield them all fortunes. Lessees on the Deadwood are making [illegible] shipments irregularly. At the present time there are about twenty-five sets of lessees operating on the property owned by the company and of but five are either shipping ore or following ore shoots. Aside from not a small number of applications for leases being considered at the present time.

The royalties that flow into the treasury of the company are quite sufficient to insure a regular return of dividends.

ANOTHER EL PASO STRIKE

DEPUTY DARNELL HAS SENT OUT TWO CARLOADS OF ORE FROM ENTIRELY NEW VEIN WITH CONSIDERABLE SYLVANITE.

Special to the Gazette.

Cripple Creek, Oct. 5.—Lessee Darnell, who is working on the southeast of the El Paso, has just sent out two carloads of ore which will return two ounces to the ton. This ore was only recently opened and is entirely new to the property. The vein is fully three feet across and shows considerable sylvanite. The prospects are very flattering and it begins to look as if Lessee Darnell had opened up another rich ore producer. This, with the way the other lessees are operating, all of whom are shipping heavily now, may be the cause of the probability of a double dividend.

TEMPLE OPENS GOOD ORE IN THE ZENOBIA

Special to the Gazette.

Cripple Creek, Oct. 5.—The Zenobia, that has been looked upon as a playout property now has all the indications of a big shipping proposition. That condition is due to the development work done by James Wright, who some time ago secured a lease north of the shaft and in virgin territory. He has opened a fine shoot of ore in both the second and third levels. He is now pushing work in the other various levels.

RUSH OF WORK AT THE EAGLE SAMPLER

Special to the Gazette.

Cripple Creek, Oct. 5.—The Eagle sampler is handling 50 cars of ore every 24 hours at the present time. All the people about the place are kept on the jump with business, and the entire camp is alive with the rumors that the Eagle will put on a night force.

[illegible] FROM MOUNTAIN BEAUTY.

Special to the Gazette.

Cripple Creek, Oct. 5.—The first shipment to be made from the mine was called from the Mountain Beauty on Bull Hill, has just been signed, at a depth of 50 feet in the old Golden Chain. The lessees have opened a splendid body of ore that is good for $5 to the ton at least.

[illegible]

Special to the Gazette.

Cripple Creek, Oct. 5.—Lessees operating the Mountain Valley of the Banner Gold Mining company are pushing the work of development to [illegible] the extension of the Dinero ore shoot.

DANGERS TO BE AVOIDED IN OCTOBER

MISS MARGRET HUESTON.

DURING the warm summer months the skin has been busily throwing off the impurities of the body in the form of perspiration.

THE cool days and cooler nights of October, in a measure, stop the action of the skin.

IMPURITIES which heretofore were thrown off by the skin, must find some outlet. They should be excreted by the kidneys.

A GREAT STRAIN is thus thrown upon the kidneys. They are not always prepared for this increased labor. They break down.

THE POISONS passing through the kidneys serve to irritate them, and this condition soon develops into serious ailments, among them Bright's disease.

THE LIVER, too, acts in sympathy with the kidneys. It becomes deranged, causing sallow skin, depression of spirits and lassitude.

AN ABNORMAL CONDITION of the bowels also presents itself. Constipation and other bowel troubles result.

THE [illegible] poisoned by the retained excretions. Pimples, blotches, muddy complexions are the first results and finally the whole system becomes deranged.

COLDS are very easily caught during this depleted condition of the system.

AT THIS TIME the kidneys, liver and bowels need a little encouragement, a little assistance, that is all.

PE-RU-NA gives just this assistance. It gently stimulates these organs to increased function. Thus Peruna guards against the possibilities of disease.

PEOPLE INCLINED TO WEAKNESS of these organs ought to be especially careful during this month.

AT THE FIRST SIGN of disease, such as puffiness under the eyes, sallow skin, headache, colds, and so forth, Peruna should be taken.

IF YOU NOTICE any of the above symptoms, do not delay—buy a bottle of Peruna today. A bottle of Peruna taken at the first symptom will do more good than a dozen bottles later on when serious ailments have developed.

THE FOLLOWING TESTIMONIAL is only a sample of the many testimonials contained in our files:—

MISS MARGRET HUESTON, [illegible] Ind., writes:

"Peruna is indeed a household blessing. Last fall I caught a severe cold which developed into a most obstinate catarrh and for over two weeks I could neither enjoy my food nor secure restful sleep. I became nervous and irritable and nothing looked just right to me.

"A good neighbor advised me to try Peruna and I immediately sent for a bottle. I am very glad indeed that I did. I began to feel relief in a week, and soon felt better than I had in two years. I do not dread a cold any more as I used to for a small quantity of Peruna cures me."—Margret Hueston.

WE HAVE ON FILE thousands of grateful letters which Dr. Hartman has received from people who have been cured by Peruna.

The Republican campaign in this county is not being conducted solely in Colorado Springs. Great Enthusiasm Prevails and Business Men's Meeting Tonight Should Be a Record-Breaker--News from Headquarters.

The business men's meeting at the court house tonight for the purpose of organizing a Business Men's Rifle Club Republican club will be probably one of the most enthusiastic gatherings of the campaign.

The meeting will be held at 8 o'clock in the district court room and it is expected that the room will be crowded to the doors. A club will be organized to further the campaign for Theodore Roosevelt in this county and this club will work in harmony with the Republican county central committee.

MANITOU NOW WANTS JURY TO HEAR CONDEMNATION SUIT

The town of Manitou and the city of Colorado Springs are evidently far from an agreement on the condemnation matter.

Yesterday Manitou, through C. W. Pelph and Charles J. Hughes, jr., her attorneys, entered in the office of the district clerk a formal demand for a trial of the issues by jury. The case was due to come up for argument before the court, but now Manitou insists on a jury and this demand will likely be granted.

It will be a hard fight when the case comes up this fall. Mr. Wheeler, the city attorney of Colorado Springs, will be assisted by Wolcott, Vaile and Waldeman, and McAllister and Gandy, while Mr. Delph will be assisted with Charles J. Hughes, jr. Manitou seems determined to prevent Colorado Springs from running its new pipe line through her streets while Colorado Springs is equally determined to run the lines as planned and pay Manitou a reasonable amount of damages for doing so.

Whether this new pipe line, the new high line reservoir will be of little service.

CUPID AFTER RAILROAD MAN

MET BRIDE IN DENVER

CULMINATION OF A ROMANCE BEGUN IN WEST VIRGINIA. WEDDING WAS A SURPRISE TO MANY.

When Mr. Patterson was united in marriage to Miss Julia Boyd Thayer, of Charleston, W. Va., yesterday, a romance that began when the groom was in charge of the passenger interests of the Ohio Central lines at Charleston, came to a happy culmination. The bride left her southern home and arrived in Denver yesterday morning, where she was met by the groom and his friends, and the marriage was performed by a Denver clergyman.

MILADI'S FANCIES IN NEW MILLINERY

ORANGE AND ONION IN PUMPKIN SHADES HAVE LEADING PLACE IN COLORS OPENING AT FEUTAS.

Yesterday afternoon the dress department store welcomed its patrons at the customary formal fall opening. The millinery and suit departments attracted a great deal of admiration for the heads of these departments have shown rare taste and skill in stocking the house with the ready-to-wear apparel.

Mrs. Edna Kautman, who has been at the head of the millinery department for four years, shows a number of very pretty hats, in every conceivable size and color. She, too, has introduced all the recent fringes in the way of trimming which will be worn so extensively throughout the west as well as the east. Black pheasant breasts rival plaids as a favorite, while terra cotta and burnt onion, a rather disagreeable name given to a rich shade of brown, split even for second place.

In the way of evening hats the one main effort is to obtain an elaborate effect without overloading. One exquisite bit of finery was made of light blue malise as a foundation, trimmed with two graceful ostrich plumes and a very handsome rhinestone buckle to hold them in place. Much care and taste shown in the decorations added greatly to the entire effect of the opening. Great boughs of fall leaves and flowers were hung about the room, giving it a holiday appearance.

The suit department is well stocked with gowns, ranging from the severest tailor-made to the most attractive calling or tea suit. The opening was a huge success from an artistic standpoint.

A CHURCH WEDDING IN NEW YORK TODAY.

EL PASO ADVANCING AT SENSATIONAL RATE

The expectation of that two per cent dividend together with the splendid reports from the mine sent El Paso up several notches higher yesterday. From $1.56 the high figure of Tuesday, the stock advanced steadily to $1.65½, opening at $1.58. There was considerable trading in the stock at these figures, 12,200 shares changing hands.

Elkton went up with her sister stock selling from 67½ to 68 in fair transactions each under 600 shares. Doctor was somewhat fractionally as were also Jack Pot, Old Gold and Work, in the cities department.

In the prospect list there was much trading at firm figures. Bob Lee sold to the extent of 10,000 shares at $½ per thousand, the former figure. Little Puck had 11,000 sales at 5½ and 3½, preliminary figures. Rose Maud and Uncle Sam also sold strong.

In the miscellaneous group Anchor was the only stock dealt in, but it scored quite an advance. From $2.50 per thousand on Tuesday it jumped to one cent per share yesterday.

The total sales were very satisfactory amounting to 35,322 shares.
